

The College Preparatory & Leadership Academy 2021-2022 In-Person School Plan

CP&LA had in-person learning for many students throughout the whole of last year. We will do the things we did last year that were successful for us. However, this year we are starting school on August 23, 2021 with all scholars on campus. There is no virtual school option to start the school year.

This is Plan A.

The informational graphic details the next steps of Plan B, C, and D if we are adversely impacted by COVID on campus. Our last resort is virtual learning.

Measures

- Masks/Face Coverings: Required for all persons when indoors
- Transportation: On the bus, students sit in family groups as much as possible
- Visitors: No visitors are allowed in the school building. Students who are car riders will be brought to the front and assisted into the automobile.
- COVID 19 screenings: Weekly pooling testing for all employees and for all students with parent permission. Rapid follow-up testing as needed if a pool shows a positive or inconclusive result.
- Quarantine and Contact tracing: CP&LA follows the guidelines, direction, and suggestions of the Guilford County Health Department.

Public Comment

This plan is open for public comment from Wednesday, October 13 to Monday, November 15, 2021. All comments may be submitted by email to info@thepointcollegeprep.org
